Innovating for Impact

June 3rd - 4th | Vancouver

Vancouver Convention Centre, Canada

Be part of an event supported by the leading names in water. Take a look at our past sponsors:

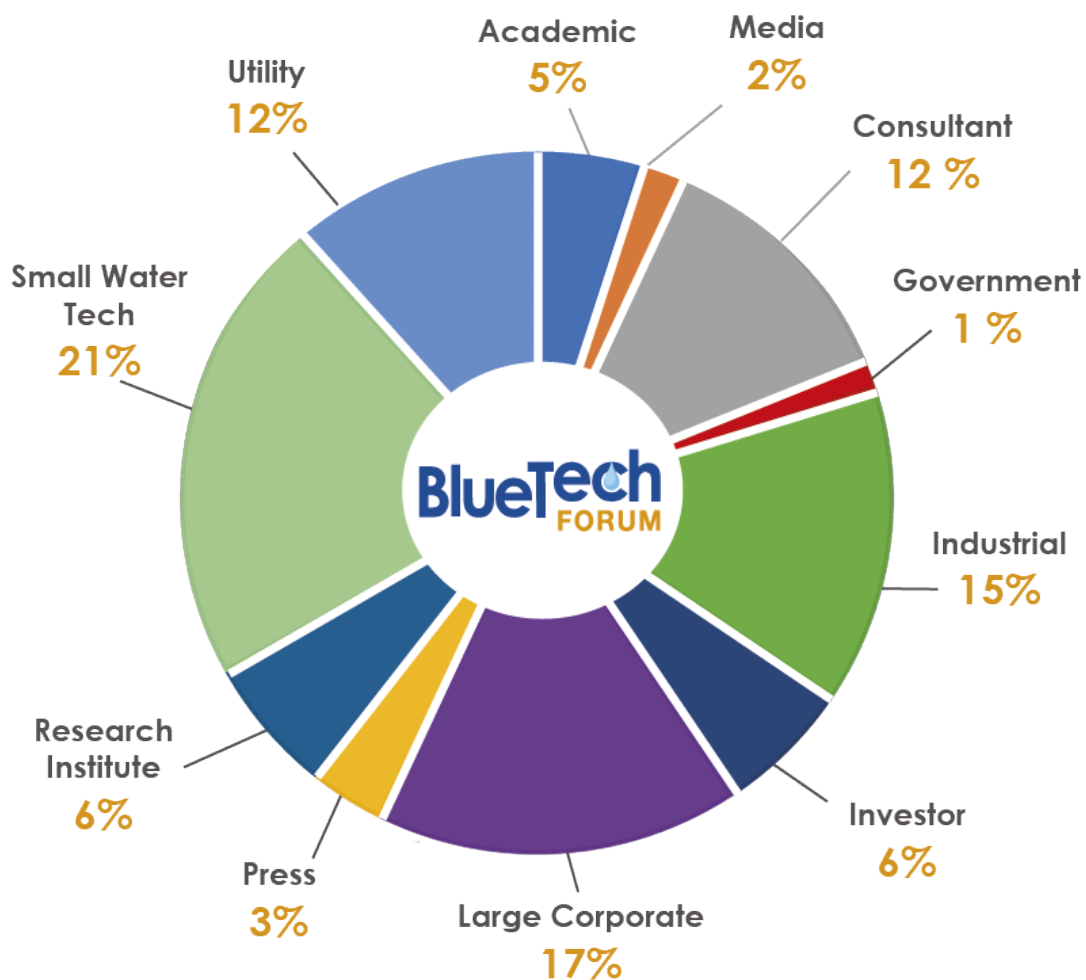

Who should attend?

BlueTech Forum is a must attend event for key stakeholders involved in the water technology sector including:

- ✓ Chief technology officers
- ✓ Industrial & utility water leaders
- ✓ R&D teams
- ✓ Strategic investors
- ✓ New business development teams
- ✓ Innovators and entrepreneurs

Breakdown of 2019 delegates

Be Part of the **BlueTech Community**

More than **200 of the most disruptive water technology experts**, corporate executives, R&D professionals, strategic investors, industrial end users and utility professionals attend **BlueTech Forum** to discover the latest trends and technologies that are impacting on the water industry.

Partnering with **BlueTech Forum** enables you to demonstrate your leadership alongside the industry's most influential people and raise your profile amongst potential clients and partners. And you'll have ample opportunity to engage with key decision makers face-to-face in interactive and thought provoking sessions.

The benefits of sponsoring extend beyond the BlueTech Forum event. You will benefit from BlueTech Forum communications, PR and social media programs and outreach pre-and post event, as well as becoming a valuable member of our accredited BlueTech Forum community. Sponsorship enables you to align your brand with knowledge sharing and unique intelligence insights.

The Forum for Industrial End Users

BlueTech Forum is an opportunity to bring the water innovation community together including large corporate water users, utilities, industrial end users, small water techs, investors, academics and research institutes.

It provides a platform for companies from across the world to share the water challenges facing their businesses and solutions required and allows us to harness this wonderful community to solve “solvable problems”.

Join an End User Roundtable Discussion

Engage in thought-provoking discussions on key innovation needs in industrial fields, roadblocks, and most effective solutions to future-proof some of the world’s largest corporate water strategies.

Testimonials: BlueTech Forum

"It was a pleasure to participate in BlueTech forum in Vancouver, to share the water strategy of L'Oréal Operations, our motivation, the opportunities, the challenges and to exchange with participants of different domains and activities as well as peers."

Hans-Ulrich Buchholz, Environmental Compliance, L'Oréal

"I just wanted to say thank you once again for the invitation to the event. I have spoken to a number of others who were there and were equally as impressed by the organisation as well as the quality of the speakers. We were never bored. It was so inspiring to see all those brains devoted to trying to create a better world. If only the governments of the world were equally as dedicated to the same cause!"

Jimmy Carter, Water Sector Specialist, Dept for International Trade UK

"I've told many people in my organization that it was definitely the most effective event I've attended in a few years, and possibly in my entire career in the water industry. The best parts were the peer-to-peer networking and the roundtables that provided opportunities to learn a little about everyone's business and make follow up connections. The cross section of attendees is really phenomenal and I haven't seen any other events effectively bring together so many perspectives." The BlueTech team put together a great conference. I enjoyed my time and made a number of key contacts which will benefit the future of my program. I hope to attend many more BlueTech forums in the future.

Abigail Antolovich, Water Reuse & Efficiency Team, Denver Water

"The BlueTech team put together a great conference. I enjoyed my time and made a number of key contacts which will benefit the future of my program. I hope to attend many more BlueTech forums in the future."

Toni McCrory, U.S. Environmental, Health and Safety (EHS) Compliance, Walmart

Testimonials: BlueTech Forum 2019

"It was beautifully organized and the sessions were very interesting and useful"

Iuliana Stoica, Carlsberg Group

"The BlueTech Forum was an excellent source of the latest technologies and developments in the water process & management applications. All sessions were very informative and excellent for networking. Highly recommended for CTO's , CEO's , CMO's to attend and align the business strategy with the evolving Industry and market needs."

Venkee Sharma, CEO, Aquatech

"Many thanks for your hospitality and the level of professionalism organizing this years BlueTech Forum in Vancouver. We all look back at a very inspiring and interesting event and are proud that we also have inspired the audience to put the circular economy in motion!"

Menno Holterman, CEO, Nijhuis Industries

"It was good to start to shift the conversation towards natural systems, ecological-water management/restoration, and collaboration/education between water-technology companies, municipal agencies, and private entities. I am glad we made it!"

Lauren Riggs, REWS Sustainability Team Lead, Real Estate and Workplace Services, Google
